Security Information

Restrictions

- This product is designed for indoor floor cleaning only. Please do not use it outdoors (such as an open-ended terrace), on any surface instead of the ground (such as a sofa), or in a commercial or industrial environment.
- Please do not use the product on any elevated surface without barriers (such as the floor of a loft, an open-ended terrace and the surface of furniture).
- Please do not use the product when the temperature is higher than 40°C or lower than 4°C, or there is any liquid or sticky substance on the floor.
- Before using the product, please put aside wires on the floor to avoid them being dragged around when the cleaner is working.
- To prevent the cleaner from being blocked whilst it is working and your valuables from any damage from slight crashes, please clean up fragile objects and odds and ends on the floor before switching on the cleaner (such as vases and plastic bags).
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance (CB).
Security Information

• This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision (EU)
• Please keep the main brush cleaning tools out of reach of children
• Please do not place any object (including children and pets) on the cleaner, no matter whether it is working or not
• Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts
• Please do not use the cleaner on any burning object (such as a burning cigarette butt)
• Please do not use the cleaner on plush carpets (the cleaner might not work well on some dark-colored carpets either)
• Please do not use the cleaner to clean hard or sharp objects (such as decoration wastes, glass and nails)
• Please do not carry the cleaner by the cap on the distance laser sensor, the cover on the main unit or the collision buffer

Security Information

• The appliance must be switched off and the plug must be removed from socket-outlet before cleaning or maintaining the appliance
• Please do not use a wet piece of cloth or any liquid to clean any part of the product
• Please do not use the mopping module on carpets
• Please use the product according to the manual. Any loss or damage caused from improper use will be borne by the user

Battery and Charging

WARNING

• For the purposes of recharging the battery, only use the detachable supply Unit Roborock CDZ02RR provided with this appliance
• Please do not arbitrarily dismantle, repair or modify the battery or dock charger
• Please keep the dock charger away from heat (such as heating plates)
• The battery must be removed from the appliance before it is scrapped
• The appliance must be disconnected from the supply mains when removing the battery
• The battery is to be disposed of safely Please do not discard waste batteries. Leave them to a professional recycling organization
• Please do not wipe or clean the chargers shrapnel with a piece of wet cloth or wet hands
Security Information

- If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
- Please make sure the cleaner is powered off in shipment and original packaging is advised.
- If left unused for a long period, please store the cleaner in a cool and dry place after having it fully charged and switched off, charge it at least every three months to avoid the battery being over discharge.

Correct Disposal of this product

This marking indicates that this product should not be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.

Warranty Information

The manufacturer provides warranty in accordance with the legislation of the customer's own country of residence, with a minimum of 1 year (Germany: 2 years), starting from the date on which the appliance is sold to the end user.

The warranty only covers defects in material or workmanship.

The repairs under warranty may only be carried out by an authorized service centre. When making a claim under the warranty, the original bill of purchase (with purchase date) must be submitted.

The warranty will not apply in cases of:

- Normal wear and tear
- Incorrect use, e.g. overloading of the appliance, use of non-approved accessories
- Use of force, damage caused by external influences
- Damage caused by non-observance of the user manual, e.g. connection to an unsuitable mains supply or non-compliance with the installation instructions
- Partially or completely dismantled appliances
Product Introduction

Main Unit

Cleaning On/Off
- Short press to start cleaning
- Press and hold to turn on or off

Circular indicator light
- White: power ≥ 20%
- Red: power < 20%
- Slow blinking: charging or launching
- Red flash: fault status

Spot cleaning
- Short press to start regional cleaning

Recharge
- Short press to start recharging

Note:
- Press any button to stop the robotic vacuum during cleaning, recharging, or spot cleaning

Reset Wi-Fi
- Press the spot cleaning button and the recharge button at the same time for 3 seconds

Wi-Fi indicator light
- Slow blinking: Waiting to connect
- Fast blinking: Connecting
- Stable light: Wi-Fi is connected

System Reset button

Speaker

Air vent

Cleaning tool of main brush

Accessories

Water tank

Dock charger

Moistureproof mat

Mopping cloth

Power cable
Installation

1. Plug the dock charger into the interface of the moisture-proof mat, and make sure it's firmly installed.

2. Keep the dock charger on a level surface, flat against a wall, plug into power outlet.

3. Turn on and charge the machine

   Press and hold the button 1 to turn on the main unit, wait until the indicator light is on for a while, then place the main unit on the dock charger to charge.

   The color of the circular light indicator refers to the quantity of electricity:
   - White: power > 20%
   - Red: power < 20%

   Note: Robotic vacuum cleaner may not be powered on when battery is low, connect the robotic vacuum cleaner to the dock charger.

4. Connect to the mobile phone client

   Search "Mi Home" in the App Store or scan the QR code to download and install the mobile phone client.

Installation

5. Install the mopping module

   ① Install the mopping cloth: Wet the mopping cloth and wring it until it doesn’t drip. Insert it into the bottom along the slot of the water tank and stick it firmly.

   ② Fill the water tank: Open the tank lid, fill it with water, and put back the tank lid.

   ③ Install the module: Push in the module along the bottom of the main unit and follow the alignment mark on the mopping module. A click sound means it is installed properly.

   Note: In order to achieve a better mopping effect, it is recommended to use the main unit to clean the floor three times before using the mopping module.
Installation

6 Start cleaning
When the circular indicator light on the main unit changes from slow blinking to stable, it means charging has completed. Briefly press button  or start cleaning through the mobile phone client.

7 Remove the mopping module
When the main unit is back on the dock charger after cleaning, press the buckles on both sides by hand, drag and remove the mopping module.

Note:
- Please use moistureproof mat if you put the dock charger on wooden floor
- Remove tank when charging or not in use

Operating Instruction

Main brush
- Clean it every week as recommended
- 1. Turn over the machine, press the buckle and take off the cover.
- 2. Take out the main brush in an upwards movement and clean the bearing of the main brush.
- 3. Use the matching cleaning tool of the main brush to cut off the hairs entangled on the main brush.
- 4. Install the main brush, press tight the cover and fix the buckle.

Note: It is recommended to replace the main brush every 6–12 months so as to ensure it cleans effectively.

Daily Maintenance

Instruction for using the cleaning tool of the main brush
Pour the water into the dust bin, close the dust bin cover, shake the dust bin left and right, pour out the dirty water, repeat this step several times, until the filter clean.

Change of filter

Please remove the filter and replace it as shown in the picture.

Water tank filter element component
- It is recommended to replace it every 1–3 months
- 1. Use your finger to remove the two filter element component from the gap.
- 2. Fit the new filter element and make sure it is in the right place.

Note: It is recommended to replace the filter element component every 1–3 months so as to ensure effective cleaning.

Note:
- Wash the filter by water only, detergents is not allowed to use.
- Please do not use finger or brush to clean the filter to avoid any possible damage.
- Please dry out the filter at least for 24 hours after washing.
Daily Maintenance

Main Unit Sensor
Wipe the sensors of the main unit with a soft, dry cloth, including:
1. The four cliff sensors at the bottom of the main unit.
2. The wall sensor on the right side of the main unit.
3. The charging contact pieces at the bottom of the main unit.

Omni-directional wheel
* It is recommended to clean it every month.
1. Turn over the machine and take out the omni-directional wheel by pulling upwards.
2. Clean the hair and dirt off the wheel and the axle.
3. Install the wheel and press it tight.
Note: You may rinse it with tap water and install it after it gets dry.

Dock Charger
* It is recommended to clean it every month.
Wipe the battery connectors of the dock charger with a soft, dry cloth.

Restore Factory Settings
If the machine does not function properly after resetting, please hold the button when the machine is on, and press the reset button at the same time, until you hear the voice prompt "Start restoring the initial version", then the main unit has been restored to the factory settings.
